

THE FIFTY- SECOND IN ACTION

From Gresley Park, Port Arthur, to the Rhine and back, is a trip that occupied more than three years of the time of the Fifty-Second New Ontario Battalion.

In those three years it took a prominent part in the most stirring events of history.

But the history of its part in the great campaign and its contribution to many such engagements as the Third Battle of Ypres, Somme, Vimy, Passchendaele, Arras, The Great Drive, Cambrai, Valenciennes, Mons and the March into Germany, has never yet been told in complete and consecutive form.

IT WILL BE TOLD IN THE NEWS-CHRONICLE

Written by Sergeant Frederick Willisden La Soeur, at the direction of the C. O. and other officers and with the assistance of all the battalion records. This story will appear in newspaper form, beginning **Wednesday of this week.**

It is a story that every man, woman and child in New Ontario should read.

This is the only newspaper authorized to publish it.

Watch for the first instalment and do not miss one.
