
FROM MINISTERIAL ASSOCIATION

Editor News-Chronicle :—In your issue of last evening, in a letter signed by "A. Lucas," answering a "Disgusted Veteran," the following astonishing sentence occurs: "I also want to point out to him that the memorial service which was to be held last Sunday did not materialize on account of no ministers available." Relative to this I wish to say that no request was made to the Ministerial association by any person at any time to arrange for the holding of a memorial service last Sunday; moreover, so far as we are aware no individual member of the association was approached personally in regard to such service.

The above quoted sentence appears to place the ministers of Port Arthur in a wrong light before the public. An explanation from Mr. Lucas would seem to be in order.

NORMAN MACLEOD,
Secretary, Ministerial Association.
