CAPT. LUCY RETURNING.

Capt. W. J. Lucy, better known by his men as "Ole Bill," one of the organizers of the 141st Overseas Battalion, returns to Port Arthur tonight, after a splendid military career in France and Flanders. Captain Lucy, according to reports, was mentioned in despatches for carrying out an orderly retreat in the face of overwhelming forces of the enemy and for saving a railway construction train. Captain Lucy is well known at the head of the lakes, having carried on a successful recruiting campaign in this district for his unit. He arrived in Canada on the Bohemia and has been visiting friends in the east.
