

# Not a Call for Your Money

## But An Appeal to Thrift

Most Unique Campaign in the Annals of Fort William

# BIG 2 DAY DRIVE

FORT WILLIAM MAY 15TH & 16TH

Ladies and Gentlemen of Fort William:—

On Thursday morning next a great army of volunteer workers of Fort William—men and women who want to see Canada on the whole, and the people of Fort William in particular, remain prosperous and busy are going to attempt, in two days, to call upon every man and woman in the city and urge each one, individually, to buy a certain number of Thrift Stamps and War Saving stamps, regularly, every month throughout the coming year. This will be the biggest appeal ever made in this city. It ought to be by all means, the most popular, for it is an appeal for you to save your nickels and dimes, your quarters and your spare dollars, and lend them to your country at a rate of interest bearing over 5%.

Supposing you had one hundred dollars spare cash. Invest it in War Saving Stamps and your hundred is worth one hundred and twenty-five dollars in 1924 without you ever bothering again about it.

Suppose you had a thousand, you make two hundred and fifty clean cash without turning your hand—and remember, Canada guarantees the payment.

### Get Ready to Save and Buy Your Country's Bonds

MISS M. J. L. BLACK,  
Gen. Chairman.

C. B. DEVLIN,  
Gen. Secretary.
