

## War Stamp Campaign Begins On Wednesday

Miss Mary J. L. Black, presiding officer of the local war savings stamps committee, has asked the women of Fort William to make a house to house canvass on the campaign days of next week, with the object of placing in every house a card with at least one stamp thereon. For the purpose of discussing this request all presidents, or their representatives, of women's societies are asked to meet in the public library on Monday at three p.m. All are asked to be present at this meeting to arrange for the participation in the thrift movement and thus contribute to the easing of Canada's war burden.
